LUBRICANTS

INOX / LANOX

INOX contains no silicon, acid, kerosene or dieselene. INOX will not harm metal points or surfaces, plastics, paints, enamels, fibreglass, formica or neoprene seals. INOX doesn't dry out, gum up, become goeey or sticky or wash off with water! INOX is non- conductive, non- static, non-toxic, non-corrosive.
FOOD GRADE VERSION AVAILABLE

FOOD GRADE GREASE

INOX-mx6 is a fully synthetic Extreme Pressure grease formulated to give premium performance and food grade purity. This grease is composed entirely of ingredients which meet the requirements of FDA.

PTFE EXTREME GREASE

The extreme pressure and anti-wear properties of INOX-mx8 grease gives long service life under high loading and shock loading conditions from very low to very high temperature environments. Special characteristics of shear stability, combined with the inclusion of effective rust, oxidation and corrosion inhibitors and tackiness adhesives, ensures this grease to be the preferred.

BATTERY CONDITIONER

Dissolves battery killing sulphation. Better & faster cold morning starts. Constant brighter lights. Rapid power recovery & recharge. Holds charge longer between use. Increases battery efficiency up to 18%. Up to 2-3 times longer use. Gives New life to older batteries.

CHAIN LUBE / CLEANER

INOX-mx9 No Chukka Chain Lube is a superior grade, high speed, extreme pressure chain lube formulated with special tackifiers, coagulants, anti-corrosion and water proofing compounds to make it stay on the chain.

INOX-mx11 CHAIN & BRAKE CLEAN is a fast acting degreaser for removing brake fluid, oil, grease or oil/grease dirt contaminants from chains and brake assemblies (including linings and pads) before or after disassembly, leaving them bone dry and squeaky clean in a matter of minutes with no residue.

N C P S INDUSTRIAL

LUBRICANTS / COATING

ROCOL

Rocol produce high performance industrial lubricants, cutting fluids and line marking systems. Their ISO 21469 certification means that the product is suitable for supply the food and clean industries with full confidence

GALMET

Galmet's metal protection range, offers corrosion resistance, corrosion protection, and improved reliability. Galmet's metal protection range of anti-corrosive coatings is designed to preserve and protect both new and old metal structures and assets. Galmet offers only the very best in zinc spray solutions for both galvanised steel and galvanised metal painting. The Galmet range will meet all you requirements, offering premium performance paints and a range of anti-corrosive products.

DEVCON

Devcon consists of an extensive range of highly effective epoxy and urethane products developed for maintenance repair and overhaul (MRO) applications. The Devcon range consists of:

- Epoxy products for general, precision and emergency repairs that extend the life of critical process equipment
- Flexane urethanes for casting and rubber repair
- Epoxy protective coatings that reduce damage from wear and abrasion

AIR TOOL OIL

Lubrication is crucial to the long gevity and maintenance of any air tool. Specially formulated to lubricate air tools without becoming tacky and causing the air motor to stop and causing costly delays

COMPRESSOR OIL

Compressor oil is specially designed for reciprocating compressor pumps. It assists in the cooling of the pump while working under pressure.

Viscosity 68 @ 40° C
