## AIR TOOL ACCESSORIES

### HOSE REELS / BALANCERS

At NCPS we stock the Macnaught range of air hose reels. Hose reels range from 10mm to 12mm in 15 & 20M Lengths. An addition to that are our tool balancers which are available in many different sizes and lengths.

### COUPLERS/ADAPTORS

To connect all your airlines and accessories together you will need coupler & adaptors. With purge adaptors, locking couplers and many different materials there are many combinations for all applications

### AIR TOOL OIL

Keep all you air tools in great working order for years and years to come. Lubrication is a large factor in most air tool failures so make sure you have the right oil for your air tool to avoid costly breakdowns.

### TYRE INFLATORS / BLOWGUNS

We carry a large range of blow guns and air products. From Tyre Inflation through to blow down to engine cleaning we have the product for your needs. Our range of tyre inflators are the UK made Jamec Pem.

### PNEUMATIC COMPONENTS

To keep your air clean and lubricated we have the Mindman range of pneumatic components. This range includes Filters, Regulators and lubricators. They can be used with any air system to keep your tool running when you need it most.
